Ref.: Distribution of Tamiya in the Netherlands

Dear Sirs,

This is to announce you that the business relationship with REYNE EN ZONEN BV KROMMENIE has ended up after many years. We would firstly like to take this opportunity to thank you very much for all your support to TAMIYA for many years.

To ensure the distribution of our products in the Netherlands, we, Tamiya Inc. have appointed Dickie-Tamiya as a new official distributor from November 29, 2009, and you are able to purchase Tamiya products from their network. We would greatly appreciate it if you could continuously support our new agent for the future.

Thank you very much for your attention.

Best regards,
Hiro Hane
